

MD SAKIB HOSEN

READY TO RELOCATE OVERSEAS

IT Support Specialist & Network Support Engineer | Certified MTCNA, MTCRE & NSDA Level-3

Dhaka, Bangladesh · +880 1988-169636 · md.sakibhosen003@gmail.com · linkedin.com/in/md-sakib-hosen

EXECUTIVE PROFILE

Accredited and versatile Information Technology professional with a 4-year Diploma in Computer Science & Technology, backed by official MikroTik certifications (MTCRE, MTCNA) and government accreditation as an NSDA Level-3 Technical Trainer. Offers verified hands-on expertise spanning ISP network administration, workstation hardware engineering, enterprise Windows deployment, and tier-standard colocation data center maintenance. Experienced in bridging technical execution with structured pedagogy, having trained and assessed 24+ professionals in national technical standards. Demonstrates disciplined problem-solving, meticulous diagnostic skills, and strong cross-cultural communication honed through military-style leadership in the Bangladesh National Cadet Corps. Actively pursuing overseas employment opportunities in IT Support, Network Support, or Systems Administration.

TECHNICAL & ENGINEERING COMPETENCIES

Network Engineering & Protocols
MikroTik RouterOS (Winbox, VLANs, BGP, NAT, Queues/PCQ, PPPoE Server/Client, IP Pools), IPv4 Subnetting & Addressing (VLSM), OSI & TCP/IP Model, Ethernet Technologies, Cabling & Testing.

Systems Administration & IT Support
Windows 10/11 Enterprise, Windows Server basics, Active Directory user administration, Remote Desktop Management (PC-to-PC), Workgroup Configuration, Resource Sharing, Enterprise Antivirus.

Hardware & Physical Infrastructure
Component-level PC Assembly & Troubleshooting (Motherboards, RAM, Storage, PSUs), Structured Cabling & RJ45 Crimping, Server Rack Mounting, Patch Panel Punch-Down, Hardware Diagnostics.

Colocation Data Center Operations
Colocation Facility Maintenance, Power Distribution Units (PDUs), Backup UPS Inspection, Environmental Climate & Cooling Monitoring, Physical Cable Labeling & Cable Pathway Management.

PROFESSIONAL WORK EXPERIENCE

Lead Technical Trainer (NSDA Level-3) — 01/2026 – 06/2026 | Dhaka, Bangladesh
Race Online Training Wing | IT Support Service Level-3

- Delivered comprehensive theoretical lectures and hands-on laboratory workshops for 24+ candidates under the National Skills Development Authority (NSDA) Level-3 national curriculum standard.
- Facilitated practical modules covering PC hardware diagnostics, enterprise Windows deployment, structured cabling, crimping, IPv4 subnetting, and endpoint security configuration.
- Constructed and maintained multi-router laboratory testbenches simulating real-world network outages, PPPoE authentication issues, and bandwidth throttling, achieving a 91.7%+ student certification rate.
- Evaluated trainee competencies through structured practical assessments, ensuring compliance with government technical training benchmarks.

Junior Network Engineer (Network Support) — 2025 – 2025 | Dhaka, Bangladesh
SSD Tech (Carnival Internet / Dotlines)

- Provided Level-1 and Level-2 technical support for corporate broadband clients and residential fiber-to-the-home (FTTH) subscribers across Carnival Internet's nationwide ISP network.
- Configured and managed client PPPoE credentials, static IP pool allocations, DNS routing, and bandwidth queuing (Simple & PCQ) via MikroTik RouterOS and Winbox.
- Diagnosed WAN/LAN latency, packet loss, and routing table conflicts; utilized remote desktop utilities and diagnostic CLI commands to troubleshoot subscriber gateways.
- Liaised with fiber-optic field transmission engineers to expedite cable restoration, consistently resolving service outages within aggressive SLA thresholds.

Hardware Engineer (Part-Time) — 2022 – 2025 | Dhaka, Bangladesh
Master Technology Ltd

- Assembled, stress-tested, and configured over 150+ custom desktop PCs, corporate workstations, and specialized computer hardware systems.
- Executed component-level hardware troubleshooting, diagnostic motherboard testing, thermal paste re-application, and hardware component upgrades (NVMe SSDs, DDR4/DDR5 RAM, GPUs).
- Standardized clean operating system installations (Windows 10/11), device drivers, system security updates, and peripheral devices (network printers, barcode scanners).

SPECIALIZED TECHNICAL INTERNSHIPS & APPRENTICESHIPS

Data Center Operations Intern 09/2025 – 11/2025 | Dhaka, Bangladesh
Tech Elevate (Earth Telecom / Race Online / Dhaka Colo)

- Participated in daily operational oversight of a tier-standard colocation data center at Dhaka Colo, supporting server hardware installations and structured cabling.
- Assisted senior infrastructure engineers with server rack assembly, Cat6/fiber-optic cable routing, patch panel punch-downs, and port labeling.
- Conducted environmental and facility checks, recording power distribution unit (PDU) load balances, uninterruptible power supply (UPS) metrics, and precision cooling parameters.

Hardware Engineering Apprenticeship 08/2021 – 02/2022 | Dhaka, Bangladesh
Panaroma Computer

- Completed a 6-month intensive technical apprenticeship focusing on desktop hardware architecture, power supply unit (PSU) testing, and BIOS/UEFI firmware configuration.
- Assisted senior technicians in diagnosing faulty motherboards, restoring corrupted boot sectors, and maintaining client equipment repair records.

Quality Assurance & Software Testing Intern 10/2019 – 03/2020 | Dhaka, Bangladesh
UY Lab (ICT Division Project)

- Performed functional and usability testing on mobile applications developed under the "Skill Development for Mobile Game & Application Project" by the Ministry of ICT, Bangladesh.
- Logged, documented, and tracked software defects, interface anomalies, and performance bottlenecks, verifying fixes with development teams.

FORMAL EDUCATION

Diploma in Engineering in Computer Science & Technology
Graphic Arts Institute, Dhaka, Bangladesh
Graduated: 2022 – 2025 | 4-Year Professional Engineering Diploma
Coursework: Data Communication, Computer Networks, Operating Systems, Microprocessor Architecture, Database Management.

Secondary School Certificate (SSC) – Science
Siraj Mia Memorial Model School, Dhaka, Bangladesh
Completed: 2016 – 2018 | Board of Intermediate & Secondary Education, Dhaka
Focus: General Science, Mathematics, Physics, Chemistry.

PROFESSIONAL CERTIFICATIONS & ACCREDITATIONS

MikroTik Certified Routing Engineer (MTCRE)
MikroTik Official Certification
Advanced routing, BGP, OSPF, VLANs, multi-homed ISP routing architectures.

MikroTik Certified Network Associate (MTCNA)
MikroTik Official Certification
RouterOS administration, firewall filtering, NAT, bandwidth management, wireless.

NSDA IT-Support Service Level-3 Certified Assessor
National Skills Development Authority, Prime Minister's Office, Bangladesh
Government-accredited technical instructor and competency assessor for IT hardware and networking.

Data Center Operations & Infrastructure Training
Tech Elevate / Dhaka Colo / Earth Telecommunications
Colocation infrastructure, cabling standards, power distribution, and server deployment.

LEADERSHIP, LANGUAGES & INTERNATIONAL READINESS

Leadership & Discipline:	**Cadet Corporal — Bangladesh National Cadet Corps (BNCC)** (2022 – 2025). Trained in regimented discipline, team leadership, crisis and emergency disaster response, physical endurance, and operational coordination.
Languages:	**English:** Professional Working Proficiency (Technical documentation, client communication, support ticketing) · **Bangla:** Native / Mother Tongue.
Professional Development:	Workplace Communication Essentials · Excel Essentials for Productivity · Art of Problem Definition · Cognitive Empowerment (Soft Skills).
International Relocation:	Valid International Passport available · Clean police record (eligible for immediate Police Clearance Certificate - PCC) · Academic credentials ready for Embassy Legalization & WES evaluation · Full medical fitness.
